### PRESS RELEASE

Integrity Business Services  
July  
"Business of the Month"

The St. James Chamber of Commerce would like to congratulate Integrity Business Services for being selected July "Business of the Month".

Integrity Business Services, located at 109 West Eldon, is owned and operated by Terry D'Aria and her silent partner, husband, Dorian. In 1996, the business started with tax and bookkeeping services. Through the years, additional services were added including copy services, Charter payment services, and storage unit management.

Very much as the name implies, Integrity Business Services is dedicated to providing quality service to the community as they strive to serve their clientele based on the individual needs and budget of each one. Bookkeeping services can range from doing one area of bookkeeping for a business, such as payroll, to providing complete accounting services.

Both individual and business tax preparation is done. With tax season being the busiest time of year, temporary employees are added and extended hours are scheduled to allow the business to fulfill the needs of its clients.

Normal off-season hours are Monday – Friday from 9:00 a.m. – 12:00 Noon and 1:30 p.m. – 4:30 p.m. Working with Terry on a full-time basis is her son, Justin D'Aria and Roben Griggs, office manager.

Terry and Dorian are actively involved in their church and enjoy spending time with Justin, his wife, Emily, and their three young grandchildren.

Plan to attend the Chamber coffee honoring Integrity Business Services on Friday afternoon, July 23, from 4:00 – 5:00 p.m. The business is located at 109 West Eldon Street, St. James.
